How can I control the installation of cookies?

In addition to what is indicated in this document, the User can manage preferences relating to Cookies directly within their browser and prevent - for example - third parties

from installing them. Through the browser preferences, it is also possible to delete the cookies installed in the past, including the cookie in which the consent to the installation of cookies by this site is eventually saved. It is important to note that by disabling all cookies, the functioning of this site may be compromised. The User can find information on how to manage cookies in their browser at the following addresses: [Google Chrome](#), [Mozilla Firefox](#), [Apple Safari](#) and [Microsoft Windows Explorer](#).

In the case of services provided by third parties, the User can also exercise their right to oppose tracking by enquiring via the third party's privacy policy, through the opt out link if explicitly provided or by contacting them directly.

Without prejudice to the foregoing, the Data Controller informs that the User can make use of [Your Online Choices](#). Through this service it is possible to manage the tracking preferences of most advertising tools. The Owner therefore recommends that Users use this resource in addition to the information provided in this document.
